Not in a number of years have our local carpenters been so busy as they have been this spring, and they have engagements in town that will occupy their time during the season; this one feature alone bears substantial evidence of the healthy financial condition of the citizens generally throughout the town, since the building repairs and improvements that calls for this class of labor is not confined to one locality but in almost every neighborhood in town.

MAY FORM NEW CLUB.

Rutland Men Propose to Model It After Apollo Club.

Rutland, May 17.—It is probable that Rutland will have a new social club in the near future of the type of the Apollo club of Montpelier, which includes in its membership largely business and professional men. The promoters, who conceived the plan partly because of the dissolving of the Nesbitt club, have discussed the proposition with former members of the Nesbitt and many other business men and the idea is looked upon with general favor.

There will probably be a meeting within a few days to discuss the proposition. The idea is to have a club of about 200 members and make an initiation fee \$15 and the annual dues \$15. If the plan is carried out a suite of rooms would be obtained and furnished in a way which would give Rutland one of the finest club rooms in the state.

NO CHECK LIST AT BRATTLEBORO.

The Old Method to Be Used in the Party Caucuses.

Brattleboro, May 16.—The check list of voters will not be used at the Brattleboro caucuses this year. The time expired Tuesday night for filing a petition to have the check list used, and no petition was filed. The new caucus law, therefore, will amount to nothing so far as Brattleboro is concerned, and the slips attached to the tax inventories, by which it was sought to place the voters on record with respect to their party affiliations, will not be used.
